

"Restoring Discipleship Foundations to the Body of Christ to Impact the World"

KGM Watchmen Prayer Network

I was introduced to the Watchmen group by Melba. I was invited to the 2022 Christmas party. This party would be my first outing since returning from a year assignment where God led me through the burial of my father and mother within a month of one another. Being the sole survivor of mine and the previous generation was an adjustment, and I was still dealing with the abrupt change of being orphaned. I didn't know what to expect. When I arrived, I was greeted with warm welcomes and kindness from everyone. I felt love from total strangers which was extremely comforting. Overtime, I began to engage more by attending the monthly prayer network which gave me the opportunity to focus on the needs of others in the group and to be fed the word while receiving various perspectives on the Word of God. Some of the most treasured events are the in-person gatherings. The park walk allowed us to exercise the body as well as the soul. We had such enriching conversations, and I was able to become more familiar with the ladies individually.

The spa day was so needed and the lunch that followed was filled once again with wonderful discussions. What's so special is that the conversations are always so diverse from health and family to the Word and prayer. Movie night was fun. I met members I had never met before further enlarging my circle. The Sum of my Call has provided the focus I needed to commune with the Lord and give a more precise vision regarding the calling upon my life. As he continues to refine this calling, He's also pruning me in preparation for the call. I'm so grateful and humbled for the opportunity to be a part of this exquisite group of God led women that are always willing to pray and support one another. Thank you for the opportunity to share my story. It's quite a blessing to be a part of a sisterhood with Christ as the central focus.
